Leon Walters: Glory to God, Amen. The Lord said, son, yea My hand is upon you. And the Lord said, even this day there is a new awareness of My appointment. And the Lord said I am putting a new mandate upon you, And the Lord said, son, you are one that have come through the rivers and you have come through the fires. The Lord said, you have come through the lions den and the Lord said you sense the heat. Lord said, you sense the depth of the waters and you heard all of the growling threats of the enemy.

But the Lord says, know that I brought you through it says God. The Lord said, you wasn't burned, you didn't drown and you didn't get devoured. The Lord said, son, there was a time when you thought you could do it on your own. And the Lord said, you thought you was self-made and you could do it in your own strength. And the Lord said, I purposely had to pull the rug out from underneath you says God. And the Lord said...I brought you down to a level that I could deal with you.

And the Lord says, but that now I have got you in the palm of hands says God. And the Lord says, now I've got your heart. And the Lord said, yea even to this day, like Paul, the Lord said, I am removing the scales from your eyes. I am removing the deafness from your ears says God. And the Lord said, you are going to begin to hear. You are going to begin to see and I am going to bring you forth as the man of renown responsibility. And the Lord said, you'll deal with people in high places, even in kings' houses.

And the Lord said, son, where the enemy came in the back door to rob, steal and kill, and

the Lord said, he took what was near and dear to your heart and he tried to destroy. And the Lord says, now like my servant Job, the Lord said...yea since you have stood, the Lord said...I shall now restore a hundred fold says God. And the Lord said, your latter years shall far supercede the former. And the Lord said, now is the season, get back in My word.

Lord says...don't question Me. Lord said...you are a man of many question marks. Lord said...you've questioned every move, you've questioned this and you've questioned that, the Lord said...don't question Me any longer. The Lord said, I don't want you to be a question mark. I want you to be a participator, says God. Lord said, I want you to be a man of faith, even like Abraham of old, of one that will just hear My word and regardless of your wealth, regardless of your potential, regardless of where you're at. The Lord said...you would walk away from it and walk into a wilderness land looking for a city whose builder and maker is God. The Lord said...son, I put that anointing upon you and I'll fulfill My purpose and I will fulfill My plan. Lord said...there will be many journeys, much traveling. The Lord said, you will go from the farthest ends of the country. The Lord said, you'll travel in the states and, the Lord said, you shall even go to other nations of the world.

The Lord said, son I am going to do a work in the next five years. The Lord said that it's going to revolutionize your life. And the Lord said, what looked like wouldn't be and couldn't be the Lord said, I will perform it. And the Lord said, My word shall come forth out of your spirit and, the Lord said, you'll be a man of anointing, of power. I see gifts of miracles and healing brother, as you lay your hands upon people. I see them being healed.

And now... Lord, I speak right now to the arteries, O Lord, into the heart. Lord, I take authority over any cholesterol, Oh Lord, any excess build-up within this body right now, Somebody reach out and lay hands on him. And Lord, we speak a word of healing right now.

Oh Lord, clear the arteries right now, Father God. Oh Lord, clear the circulatory system. Lord, I take authority over a hypertension right now and Lord, I just speak healing over this man of God now, in Jesus mighty name, Oh Lord, that he'll be strengthened and he won't be weakened. Lord, he will be built up and he won't be torn down. Oh Father, he will come forth and Lord, he won't be set back. In Jesus mighty name we pray. Amen and Amen.

*Antoinette Williams* Minister #2: Brother Mark, I am seeing some things very much like wheat on a threshing floor. Wheat being gathered in and brought to a threshing floor before my eyes, a circular thing on a hill, surrounded by strong, strong wind and as if you have gone through a seasons of deep, of real thrashing. You've been rejected. I'm seeing people trampling all over you, walking all over you. They've taken you for a cloth. They have just trampled all over you, walked upon you. I am seeing real, like real wheat being trampled being threshed, being beaten, being ripped apart, being sifted, being tossed to the wind. And I am seeing a person that is asking, well Lord why me? Why did I have to go through all of this? I am seeing situations coming from every different direction.

And God said, some of these things I have allowed them to happen because I want to make you bread for a hurting people. I am seeing a man before my eye that is intended to become an answer for people who have real problems... real, real problems. God said, I have sent you through certain situations in order for you to be bread for the nation. Bread for the nations very much like wheat being trampled, beaten, tossed, sifted, grounded in order to bring healing.

I am seeing a man with healing in his hand, I am seeing God actually depositing the gift of healing. The working of miracles upon your life and ministry, in order for you to move in a greater capacity of evangelistic working and exercises. I am seeing God actually opening doors.

I am seeing some doors being opened and some doors being closed in order for you to move into some areas of effective ministry - in order for you to move in some areas of fruitful ministry.

I am seeing a person that from time to time (I see you almost questioning) a lot of questions in your mind concerning some things - even some things you have heard this week. Real questions. You are concerned about accuracy. You are concerned with that which is real and in some areas you have been exposed to some things that have not been real - that have been a little bit false. But God said, I have brought you here this week and even right now in order to crystallize some things that you've always been questioning. Your answers have come to you and even many situations that [are] even now being placed - that I am placing My finger upon. These are some areas that you have been questioning and God said...that this is just to let you know that these questions that you have had in your heart, these things are being answered right..right now.

Father, in the name of the Lord Jesus, we thank You so very much for sending him though each of these experiences. Lord, we know that they have been painful. We can understand the pains and the things that he has felt within his own heart. But Lord, today we can thank You, and everything Your words says give thanks for. This is the will of God in Christ Jesus, concerning us. And Father we thank You for the experiences that you have sent our brother through in order to make him what You have in Your heart to make him. And we look forward Lord for even the things you have said today concerning him, concerning the release of gifts of miracles, the gifts of healing being activated in his life and even for the doors of opportunity being open for him Lord in order for his ministry to find a fresh and new expression for the glory of Your great name. Amen.
